OPEN SEASON FOR PASSENGER AGENTS

Representatives of a Number of Lines Here For Business.

This is the open season for railroad passenger agents. Five representatives of the passenger departments of railroads have been here recently soliciting business for their roads in the east and south. A party of Pennsylvania agents were here Friday calling on the local passenger offices. They included George T. Hull, district agent of the Pennsylvania with headquarters at Denver; J. B. Modisette, general passenger agent of the Pennsylvania at St. Louis, and C. A. Baird, traveling passenger agent with headquarters at San Antonio.

C. H. Mann, passenger agent for the L. & N. at Houston, is here today in the interest of his road and is making an effort to secure the Shriners to go to Rochester over the L. & N. Southwestern passenger agent Conner of the Wabash at Dallas is also here.

The Rock Island has appointed R. R. Seeds, who has been traveling out of El Paso as the traveling passenger agent, as commercial agent for the road here. Mr. Seeds has been located in El Paso for more than a year and now has offices in the Orndorff hotel building.

Garnett King, assistant general passenger agent, has gone to Chicago on business.

International Roping Contest

Oklahoma's Boys Must Ride in the Grand International Roping Contest, Which commences at Cowboy Park March 2 and Runs Until March 6.

The largest and most skillful bunch of ropers that have ever contested their skill with the rope will meet. Oklahoma will make a grand stand for the world's championship medal. Among those who will represent Oklahoma in the contest are the Gentry brothers, who own the championship horse, "Necktie," for which they paid \$1000 last year. Harry Grammer, of Kaw City, who claims to have tied a steer in 14 1/2 seconds, and W. K. Hale, a roper who showed the southwest cow hands what he could do when he won second prize here two years ago. We wish Oklahoma good luck, but we can promise them one thing: If they clean up they'll have to "ride some."

Arizona will be represented by Ed Nichols, the champion bronco rider of the southwest, and John and Will Glenn, of Douglas, Ariz. These ropers are among the fastest in the field, and expect to see that Arizona gets her share of honors.

New Mexico will be the best represented of any, owing to the fact that more than half the entries are from New Mexico, among whom are Bert Weir, holder of the world's championship medal, Clay McDougal, George Weir, Louis Barksdale, Kelly Phillips, Chas. Vesper, Ed and Jim Hall, besides several others. This will insure New Mexico her share.

Texas will be represented by Alf Virian, who is regarded as lightning, and Tom Ogil, one of the fastest men in the field, together with little Joe Gardner, as back stop. Texas will know which way the game went when it is over, at least.

Mexico will be represented by Bud Parker, Ynez Castillo and Rafael Fraustro.

In all this will be the most hard fought contest ever pulled off at Cowboy park.

NIGHT HOURS AT LIBRARY PLANNED

Special Plumbing Inspector Named by Roswell City Council.

Roswell, N. M., Feb. 25.—If the Woman's club and the W. C. T. U. succeed in raising sufficient funds the Carnegie library will be kept open until 9 o'clock at night. Mrs. E. H. Skipwith, the librarian, will see to keeping it open to accommodate those who have no time to go to the library in the day time, for a small addition to her present salary. The total additional expense including heat, lights, etc., will amount to about \$75 per month.

The members of the Roswell fire department have taboored all obscene and profane language about the fire house and are making a lawn and flower garden in front of the building. Card playing also has been banished.

City superintendent Fred J. Beck and the council committee on water and sewers, have found it necessary to appoint a special inspector of plumbing because of the number of large buildings that are to be put up in Roswell the coming spring and summer. E. M. Leach, of the plumbing house of J. E. Mitchell, is the appointee. His salary will be the fees charged the owners of the property inspected or contractors erecting the buildings.

NO MORE

Consumption, CANCERS or Chronic Diseases

You have tried these poison dopers for a hundred years, and the poison has weakened the digestive organs until typhoid fever has carried away a fourth of your loved ones.

And these drug weakened nerves have let so much stagnant blood accumulate in your bodies that it has attempted to cleanse itself and escape in sores, Appendicitis, Eczema, Catarrh, Ulcers of Stomach, Liver, Intestines, Varicose Veins, Piles, etc. And when kidneys and intestines tried to excrete the waste it was contradicted and stopped by doctoring symptoms and cutting off the sore part until this stagnant blood was sealed in your bodies and settled in your weakened lungs and formed abscesses. Cough medicines were given to weaken the nerve so you couldn't cough it up. And consumption has followed until one-third of the human race has been cut down in their prime and died with consumption as a result of this drug taking.

It is time to forbid their use by law, as the greatest curse that has ever fastened itself on the human race.

We have weighed them in the balance and found them wanting. It is time for the intelligent people to rise up and turn them down forever. Just think, Osteopathy here in El Paso has saved all but eight out of eight thousand patients, every kind of disease, and never operated, and left you either worse than before or in your grave in any instance.

And, besides, have made it impossible for you to contract Tuberculosis, or Cancer, or Typhoid Fever. No wonder forty states have passed laws recognizing it as the natural way to cure diseases, and forty million of people have recognized it, and all in seventeen years. For they free the nerve so the stagnant blood cannot accumulate any more in the body and can escape. Then all these sores and diseased parts heal up, as they are not needed any more. So consumption and cancers and chronic diseases are impossible to people who take Osteopathic treatment. Don't be foolish and join this great army that is marching to the grave by the dose and knife route, but try Osteopathy and live out your natural, healthy and happy life.
